## LET'S MAKE MAGIC

The goal is to make wedding films that are more than just pretty. More than just cinematic, but fun and timeless. Your love story is authentic, and your memories will mean something to you forever. Wedding films that capture what is special and unique about your love. A time capsule that will take you back to exactly how you felt on the best day of your life.

### \$3500

- 8 hours of coverage; you decide your hours. Hours cannot be split up.
- Up to 2 locations
- 8 to 10 minute Highlight Film + Instagram teaser

# STYLE

Because we are looking to capture natural moments, we do as little “posing” or “styling” as possible. We love playing off of cues from photographers and pride ourselves on being able to capture the moments that are very intimate, honest, authentic, and real throughout your wedding. While we use cinematic techniques when filming, the real drive behind our films is to let you see your day the way it happened in front of our lenses: the laughing, the happy tears, the thoughtful details, the enthusiasm, the nervousness, and everything in between. Any “creating” that we do is done with this in mind. We want you to watch your wedding film and remember true feelings and honest moments, not forced, awkward poses.

## \$4000

- 10 hours of coverage; you decide your hours. Hours cannot be split up.

## ACKERMAN & CO.

We offer flexible payment schedules + convenience to customize any budget!

# HOW TO BOOK!

Look over those package options and decide what it is you want. I can ALWAYS alter and change things depending on your needs and wants!

After choosing a package, email me with the package you chose and your wedding date. From there I will then need to collect the \$1000 retainer fee to reserve that day. This goes toward your balance!

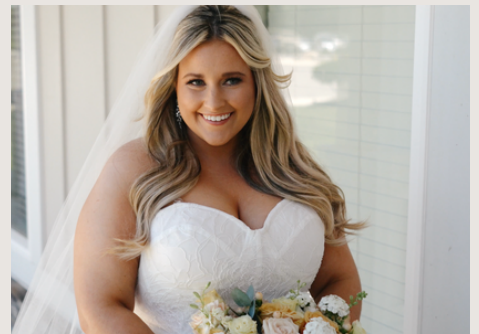

## MUSIC

Music is a vital part of pulling in the emotion to a film. We take the selection of music very seriously, simply because when you find “the right” song, it can take a film to a completely different level. Likewise, since our films are shared online, we must purchase the appropriate music licenses for use in the films. For these reasons, we do choose to pick the music ourselves, but if this is something our couples are passionate about (for instance, if you are a musician!)

## DELIVERY

We have chosen to only take on a limited amount of weddings every year so that we can give more of our creativity and attention to each couple. With this in mind, it has allowed us to shorten our delivery time from what it has been in previous years. Wedding films (6-12 minute edits) will generally be delivered the week of of your event ending. Yes you have read that correctly. We are a one stop shop, this means your footage is only handled by us, edited by us, filmed by us, and delivered by us. We do not send films out to be edited through outsourcing. We love seeing the social media shares of your films so we like to edit and deliver fast, while also putting a whole lot of love and time in your edit.

## RETAINER + PAYMENT

The retainer required is part of your package price, it is not an additional cost. However, it is non-refundable in order to hold your date.

# PREFERRED VENDOR LIST

We absolutely love the networking the wedding industry provides, we've compiled a list of some of favorite vendors! If yours is listed; don't worry We love new faces and new friends!
